

[REDACTED]

October 11, 2011

Dear [REDACTED]

Our records show that you are currently registered as a prospective contractor for procurements issued by the U.S. Federal Government. However after reviewing your record we have noticed that you have not submitted your financial information release form.

Your financial institution's privacy policy may not allow it to release your financial information to credit rating agencies and government institutions without your consent; therefore we must have such form on file before we can correctly determine your procurement credit score. This score is now required for federal and state government agencies to make procurement decisions.

To be eligible for procurement with the U.S. Federal Government, you must submit the abovementioned form to us by fax at 202-591-3050. We advise you to submit this form as soon as possible as Equifax has received a credit rating request on your organization from a government agency.

Please make sure your fax is preceded by a cover page so we may correctly identify your company. Your business activity code (SIC) is registered as 52110000, Lumber and other building materials. If this is an error, let us as soon as possible.

Sincerely yours,

Jane Lansen,
Senior Credit Analyst
