This webinar will provide excellent insight into both the Order to Cash (O2C) and Accounts Receivable cycles. The instructor will present current statistics and will provide detailed process flows for each component of the O2C cycle. We'll review the key metrics and analytics to measure and track the efficiency and results of your AR process. We'll also define the concept of metrics before we dive into the details.

The agenda for this informative webinar is:

- Review Statistics Impacting the AR Process
- Define the Order to Cash (O2C) and AR Cycles
- Where are the dependencies?
- Review Key Metrics for the O2C and AR Cycles
- Q&A

We hope you can join us!

Thank you!
